DISCOVERY**
EDUCATION PROGRAM
POSTAL HISTORY FOUNDATION

2024

The Postal History Foundation includes a post office, museum, library, and processing room where millions of stamps are sorted annually. Visiting the PHF is a fun, unique, and educational experience.

FIELD TRIPS for local troops

Field trips usually last one to two hours depending on the age group. The charge is \$2 per scout, which includes various activities using stamps. Contact the Education Director to schedule dates and times.

STAMP COLLECTING BADGE workshops for local troops

Many scouting organizations have specific requirements for stamp collecting badges. We can support most of the requirements here at the Postal History Foundation. Contact us to set up a workshop. The charge is \$5 per scout.

ALL SCOUTING ORGANIZATIONS

Any scouting organization can contact the PHF for stamps and supplies. We can provide stamps via topic or Scott number for your scouts working on a badge or collection. Please email us and we can figure out how we can help you. This is provided at no cost except for possible shipping fees.
